3 Available-for-sale	1,270
Total	30,281

Summary of the bank's internal approach to assess the adequacy of its capital to support current and future activities.

Bank conducts its operations based on the annual budget and programs approved by its board of directors. This is formulated by taking into accounts of the level of risk tolerance which forms the basis of determining the bank's business exposure and there by the amount of capital required. They also provide the guiding principle to assess and achieve the bank's statutory capital adequacy which are reflected in regular basis on review of achievements of targeted results throughout the year. The framework consisting various committees and department review and ensure adequacy of capital held by the bank either by influencing capital or risk exposures.
